"Getting to see all the places we went really helped bring the stories we've read to life. Even though we can't know for sure that Jesus was 100% at some of those locations, it still helps give a better picture than we can imagine. Not only that aspect, but also getting to understand the culture of Israel today was really cool to learn about."  
- JORDAN MILLER

## - STUDENT TESTIMONIES -

"Going to Israel created in me a deeper conviction to study the Bible now that I've seen it in real life. It gave me a burden for the Jewish people, and I can't wait to see what God does with these convictions! Now is the time to go! You won't regret it!"  
- ANDREW MOORE

🌟  
"It was such an impactful experience! Getting to connect the physical locations with the spiritual events is so eye-opening and life changing and truly makes everything in the Bible come to life!"  
- ANNAMARIE MILLER

# ISRAEL

TRAVELLING THROUGH THE HOLY LAND  
DECEMBER 31ST - JANUARY 11TH

## Faith

Strong identity in Christ is a cornerstone of Christian leadership. We've brought over 7,000 students to the Holy Land to discover the ancient roots of Christianity.

## Leadership

Before, during, and after the trip, Passages gives students the opportunity to discover their spiritual heritage and to develop strong convictions.

# Passages ISRAEL

"Through a nine-day pilgrimage to the Holy Land and intensive post-trip education, Passages strengthens the faith of American Christian college students, connects them to Israel, and prepares them for a life of Christ-centered leadership."

## Israel

Israel is not only rich with history, but also with culture, ingenuity, and technological innovation. Passages equips students to build bridges of understanding and friendship with Israel.
